Sharing Sensitive Personal Data Illegally on the Web and Social Media

A medical report, which is a sensitive personal data on the data subject, has been shared on the web and social media, by way of taking a photo of the screen of a mobile app that belongs to and is used by the data controller hospital. The Board as a result of ex-officio examination, considering that sensitive personal data was disclosed to the large mass via social media decided that;

Due to the fact that the data controller failed to take appropriate security measures, which are mentioned in the subparagraph (a) of paragraph (1) of Article 12 of the Law on the Protection of Personal Data (“**the Law**”), to maintain the protection of personal data, an administrative fine was applied pursuant to Article 18 of the Law.
